

ANDERSON-COTTONWOOD IRRIGATION DISTRICT

HERBICIDE POLICY

POLICY

1. All herbicides will be applied in accordance with label requirements.
2. All applications will be made with the recommendations of a licensed Pesticide Advisor.
3. All applications will be reported to the County Ag Commissioner's office and other interested agencies.
4. Records of all applications will include: time; place; weather conditions; and product.
5. All applications will be performed by or under the direct supervision of a licensed or certified applicator. District will ensure that prior to any application, all personnel conducting or supervising that application will be made aware of the Waste Discharge Requirements for herbicide applications (WDR No. 87-110) administered by the Central Valley Regional Water Quality Control Board, and that said personnel will comply with the terms set forth therein.
